**EXCLUSIVE** Ali's surprise past revealed

## THE TRUTH ABOUT THEIR HOTEL HOOKUP

Fans of *The Bachelor* couldn't miss the sparks when the couple traveled to Ali's hometown in Williamstown, Mass. There have even been Internet rumors that the pair shared a steamy tryst at the town's Orchards Hotel while taping Jake's visit with Ali's family, but ABC reps exclusively confirm to *OK!* that the two did not share a hotel room while taping the show. Ali, however, admits that the hometown visit marked the moment she fell for Jake.

"I realized that I love this man and I want to be with him when he was at my home in Williamstown; we were sitting by the fire, and he took his gloves off to hold my face and kiss me," she recalls. "I just remember feeling so overwhelmed with emotion and so much love for him that it was just the most amazing moment."

*"I realized that I love this man and I want to be with him"*

And it may be those deep emotions that allowed her to walk away from him in the first place. "We'll find each other," she said of the undeniable chemistry she still shares with Jake. "I think that I was able to leave and go back to work because I felt so strongly about our relationship. I felt so strongly that I was supposed to be with Jake that I was willing to realize that if this is love and if this is real that it will conquer all things, and this won't stand in the way of us."

## JAKE'S STILL IN LOVE WITH HER, TOO

Jake addressed Ali directly during the taping of *The Bachelor: Women Tell All* with host **Chris Harrison**. "I can't believe you left. I'm sorry, Ali," he admitted. "I

# Vienna's Worst Nightmare

### JAKE'S CHANGE OF HEART WILL DEVASTATE VIENNA

Ali and Vienna bickered and bashed each other from day one, quickly becoming the show's biggest rivals. But Vienna always envisioned herself as Jake's "co-pilot." Now friends say she'll be crushed by the news that Ali — despite deciding to leave *The Bachelor* — is still in the picture.

"I think it was pretty clear to [Vienna] that Ali and Jake had a real connection," says a source. "I think Vienna would feel devastated and humiliated."

Adds relationship expert and professional matchmaker Amy Laurent, "Being in love with a man who is in love with someone else will, without a doubt, be Vienna's worst nightmare. If Jake, in fact, still has feelings for Ali, a relationship with Vienna would make them both miserable right now. Jake will constantly be thinking of 'what if' scenarios and imagining what his life might have been like with Ali, while Vienna will be left constantly feeling like his second choice. If Jake and Vienna truly want to commit to each other, Vienna will have to give Jake time to find closure with Ali."
